**FRANK B. McILROY**  
OF HAMMOND  
Republican Candidate for  
SENATOR

In making my announcement as a candidate for Senator I deem it my duty to briefly but frankly state the principles upon which I stand, and which will govern my course, if I am elected by your generous suffrages a seat in the Senate of Indiana. These principles compressed into the narrowest compass are as follows:

I declare for state rights and individual liberty. I believe in the support of state sovereignty and local self-government. I am opposed to the National and State Prohibition act, because the people were denied any direct voice in its ratification or rejection, which is an infringement on personal rights.

I am opposed to the present obnoxious Tax Law, and if I am honored with a seat in the senate I will do all in my power to enact a new tax law that will be just and equitable to all taxpayers, whether large or small. I am opposed to the taxation of the poor whose personal property is valued at less than \$500.00. I believe in taxation justly proportioned to such an extent only as is necessary for maintenance of government economically administered.

I favor a just and liberal appropriation to the American Soldiers of the world war, maimed or injured while fighting somewhere in France or upon the high seas to make the world safe for Democracy. I believe that each state should take care of their own. We owe the American Soldier a debt of gratitude that we can never repay.

Labor: The difference from times immemorial between capital and labor lies in the development and acceptance of the sharing of profits. Capital is dependent upon labor and labor upon capital. There must be co-operation between the employer and the employee—harmony must exist for the happiness and prosperity of both.

I believe in and stand for the rule of the people, and I invite all men, who so believe, to stand with me to the end.

*Frank B. McIlroy*

### HERE'S A TEAM READY FOR GAMES

ALTHOUGH the Knights of Columbus, Twin City Council No. 1760, Hammond town has been organized for some time, it was impossible for the boys to get out and practice due to the inclement weather.

Controlling their spring feverish anxiety to play ball, the boys were finally exorcised with nice weather last Sunday and the good shooting made at practice leads one to believe that they are out to play real baseball and to give the fans their money's worth. Nothing but real baseball will be considered in the making up of the team and all practice game arguments will be done away with by hitting good triples, thereby guaranteeing good ball games to our fans.

Every player is a knight and the team is composed of the following: Pitcher, Steffens, Steffan and McKenna, catcher, Steffens, first base, Johnson and A. Lauer; second base, Whalen; shortstop, McElroy; left base, Peterisch; left field, A. Lauer and Callahan; center field, S. Lauer and Donahue; right field, Bent and O'Brien.

All games arranged for the home diamond will be played on the Zealand Harbor baseball grounds, located near the General American Tank Car plant on E. 2nd Ave.

Any teams wishing to arrange games please write to Joseph L. Gaffney, 6-C-K, Twin City Council No. 1760, Indiana Harbor, or call Indiana Harbor 724-W, between 8 and 7 p. m.

### TAGGING ALL THE BASES

By JACK VEICK

I. N. S. Sports Editor

STAR FOR A DAY—The Speaker, manager of the Indians' Sir Trustman, made the greatest catch ever seen in Cleveland, off Joe Jackson.

SPIKEKICK's catch came in the seventh inning with two Sox batters on the bases. His fast made it possible for the Indians to win.

THE TIGERS are the most consistent club in either league. They lost their tenth straight game to the Browns, being bluffed by Urban Shocker, who allowed but four runs.

THE RED SOX and Athletics played fourteen innings to a tie, 2-2.

ALEXANDER kept Pittsburgh's bats scattered and the Cards took the last game of the series. Whited's triple and an infield gaff saved the Pirates from a shutout.

THE WHEATHER MAN won four more games.

### The World of Sport

Within a week preparations for Marchmiler George Oswego's first open-air boxing fest will be well under way. The Indiana Harbor fight promoter has secured the use of the East Chicago baseball park and will present a fight card of thirty rounds on the afternoon of May 15. Sport writers describing East Chicago fights heretofore will have to refrain from using such terms as "the unperfected smacked against the RKO" because he cannot withstand as well as under test.

A tentative schedule drawn up by Oswego indicates the names of old favorites of fight fans in the Calumet region. The Firestone-Perrill match 36 minutes to be a ten-round affair with plenty of excitement. In the semi-final will appear Harry Roberts of Hammond against an opponent whom Oswego is keeping under cover for a few days. In the preliminaries Dick Clancy, the Hammond batter, will swap swings with Ole O'Neill, who whitewashed Jim Kennedy at Gary Thursday night. They are scheduled to go six rounds. Another bout of four rounds will be in the main-card but Oswego expects to have the card completed this week.

Some members of the Hammond council were amazed this morning to read that two women representatives to the New York Patriotic Association voted in favor of the Wall Street loanleading banking in the Empire state. Those were the same members of the council who defeated attempts of Hammond sport leaders to create a boxing commission in this city headed by the mayor or chief of police. Those good-goods boys who don't smoke, chew or think.

Principe Palatino, thoroughly stalwart, has been purchased by a Kentuckian for \$150,000 and will be shipped here from England. Tracy, another size of fast horses was purchased recently by a South American for \$265,000.

The Canadian hockey team "Paleons" have captured the Olympic hockey championship, by defeating the Swedish team 5-3. In the semi-finals Sweden beat France 4-0, while the United States fell before the champion Canadians, 2-0.

More and more trouble for Dempsey. Now they find that he was illegally married to Maxine Dempsey according to English divorce laws and therefore she was never married to him and can testify against him.

We nothing unusual for a gambler to take a strike, but nothing to also exclude from the department of Somers, Mexico, American gambling house owners have signed for a raise from \$10 to \$15 a day. Chinese have been entreated as strike breakers. But it isn't likely that Chinese laundrymen in the United States will make a break for Mexico—not with collars at 4 cents per wash.

Attention with its \$6,000,000 now seems to demand that all gambling be conducted under government supervision. Last year the Argentines bet another \$176,000,000 on horse races, in lottery, roulette, etc. The poor-unlucky Argentines, they don't know that in America gambling is even greater and the government shouldn't know anything about it.

## Great Fight At Kenosha

KENOSHA, WIS., April 29.—Tommy Battling Levinsky, Philadelphia, 140-pound weight, gave Tony Melcher, Kenosha Athletic club last night. The application of left jabs and hooks in heavy quantities was too much for Melcher, and he ran ground to the battler's masterpiece, but not until he had pulled a third in the tenth round that had the locked house on its toes.

Melcher's best was a clean knockdown of the corner, the only one of the scrap. It happened just after the visiting Levinsky had shaken hands with the young man he had beaten in eight of the previous nine rounds.

Both let go in the center of the ring and a cheap left hand delivered by Melcher at just range set Levinsky on his haunches. But didn't even take time to blink his eyes after this crack in the jaw, but homped to his feet without taking any steps. The most surprised and peckish him and leaped into the Chicago boy to finish the job. He pelted Tony hard and often with lefts and rights, and Tony was evidently having fun when the bell brought the battle to a close.

Tommy Milton Hangs Up  
Two More Auto Records

DAYTONA, Fla., April 29.—Tommy Milton yesterday concluded his record-breaking dashes on Daytona Beach by covering the half mile in 14.10 seconds. Yesterday's new marks gave Milton all the speed records formerly held by British Joe Patino. His trials were under the auspices of the American Automobile Association. An injury to his eyes when his car caught fire caused Milton to postpone his attempt to break the 14-mile record. It was told by an official he must not drive again for a fortnight.

BOB MARTIN PUTS  
K. O. TO JAMIESON

GRAND RAPIDS, Mich., April 29.—Bob Martin, A. E. Fe and allied amateur heavyweight champion boxer, knocked Ted Jamieson of Milwaukee, champion of the 22nd division, in the sixth round of a scheduled ten-round contest. Two solid blows to the jaw in the middle of the final round so mazed Jamieson that he was counted out while on his knees.

CICOTTE OUT FOR  
3 WEEKS WITH A  
FRACTURED HAND

CLEVELAND, April 29—Eddie Cicotte will not be able to pitch for at least three weeks. This announcement was made last night by a surgeon who took an X-ray picture of Cicotte's left hand. There are two breaks and the first joint of the first finger is badly splintered. An old fracture close to the wrist also

## ROSE for RECORDER

Every

man who owns  
a piece of property  
in Lake County  
should be personally  
interested enough  
in the recorder's office  
to vote for a man  
who will consider  
it his sacred duty and  
personal pride in  
being the best  
recorder the county ever had.

That's the kind of a man you put in office when you vote for
